SUMMARY

Product and product marketing executive who turns undervalued features into **revenue, retention, and reach**. I own **both the product and the story that sells it**. At Adobe, I took a service everyone used but no one measured, typography, and proved it drove conversion, retention, and platform growth. I led product strategy and marketing for a **75-person organization**: SVP buy-in for seven years running, adoption across **12 flagship apps won on influence alone**, and a roadmap I pivoted to the AI era.

HIGHLIGHTS

- Led the brand and business-model transformation of an acquired product into a core membership benefit. Recognized an activation-limit removal as the rebrand moment and delivered **+40% MAU in year one** with zero foundry losses.
- Proved typography drives revenue. Redesigned Adobe Express font recommendations to lift free-to-paid conversion **+186% (0.5% → 1.42%)**, one of Express's top premium drivers.
- Quantified the retention case for typography. A causal analysis showed all-app subscribers who adopted Adobe Fonts churned **42% less** the following month.
- Launched Adobe's largest content-licensing partnership in five years (Monotype and Microsoft). Spotted the opportunity in user drop-off data and timed the GTM to Adobe MAX London; **1.2M users adopted within weeks**.
- Consolidated two text engines into one platform and scaled it across 12 flagship apps, won on influence across teams I didn't manage. It serves **15M users** today.
- Defined Adobe's typography strategy for the AI era, shipping **generative text edit in Firefly** at Adobe MAX 2025.

EXPERIENCE

Builder · Board Executive · Advisor

Since Mar 2026

INDEPENDENT · SEATTLE, WA

BUILDING

Since Mar 2026

- Shipped **Ramón**, an AI styling app, end-to-end on the Claude API: PRD, onboarding narrative, UX copy, and the technical trade-offs from server-side security to model selection. Prompt-as-product implemented, in daily use.
- Built a second React app, a curated executive prompt library.

BOARD

Since Dec 2025

- Executive Board member and co-chair of **BIMA Bash! 2026**, the Bainbridge Island Museum of Art's flagship fundraiser, with an **\$895K goal**. The campaign signed its first Platinum sponsor.
- Authored a case for modernizing the museum brand, benchmarked against nine peer institutions.

ADVISORY

Since Jan 2026

- Global Advisor, How Women Lead.

Director, Product Management

Jun 2023 – Feb 2026

ADOBE · SEATTLE, WA

First product director for the fonts & typography business, a horizontal service inside Adobe's **\$17.65B Digital Media segment**. Led 6 PMs and set direction for a 75-person cross-functional org.

- Shipped a usage-based royalty model, **saving \$1M in year-one foundry royalties** with zero user backlash.

Director, Product Management — CONTINUED

- Grew Adobe Fonts to **12M+ MAU**, **3x the rate of Creative Cloud**.
- Ran the Adobe Fonts website as a funnel and product lab, lifting free-account signups **+36% YoY**.

Group Manager, Product & Product Marketing Mar 2019 – Jun 2023

ADOBE · SEATTLE, WA

Pitched for and won expanded leadership over both product strategy and product marketing for the fonts & typography business. Led a team of 8 and presented strategy to the SVP annually; a senior executive called it the best annual strategy presentation they had ever seen.

- Won executive approval for the usage-based royalty model and specified the usage logging across every app.
- Shipped the Adobe Fonts platform across Adobe.com and **12 Creative Cloud apps**.
- Rebuilt three teams and grew the people on them, promoting a support manager to PM, a support person to community manager, and a content hire into the producer behind one of Adobe's top livestream series.

Group Product Marketing Manager Mar 2016 – Mar 2019

ADOBE · SEATTLE, WA

Led marketing, customer experience, and go-to-market for the fonts & typography business; team grew to 8.

- Initiated and drove the Typekit → Adobe Fonts rebrand: **+40% MAU year one, zero foundry losses**.
- Quantified the retention case: all-app subscribers using Adobe Fonts churned **42% less** the following month.
- Created the marketing behind Adobe's gender-inclusive emoji advocacy (Forbes, Wired, MIT Tech Review).

Senior Product Marketing Manager Jan 2012 – Mar 2016

ADOBE · SAN JOSE, CA

Sole senior marketer for the fonts & typography business after the acquisition of a popular web font service (Typekit); owned a ~\$1M budget across PR, partnerships, and Adobe MAX.

- Architected GTM and press strategy for **Source Han Sans**, the first open-source Pan-CJK typeface, addressing **1.5B users**; won the naming case in a five-company negotiation.
- Created, funded, and led the Adobe Originals 25th Anniversary campaign, anchored by the open-source launch of Source Serif.
- Built Typekit's community-driven marketing model and produced immersive launch microsites.

Quality Engineer → Lead QE → Senior Program Manager Jul 2002 – Jan 2012

ADOBE · SAN JOSE, CA

Joined as ~employee #6,000 and shipped releases for Photoshop, Illustrator, InDesign, and Acrobat. A decade in the fonts & typography business before I marketed it; foundries and engineers knew my work before pitching them.
